## PATIENT PRIVACY NOTICE

I. THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

II. WE HAVE A LEGAL DUTY TO SAFEGUARD YOUR **HEALTH INFORMATION (HI)**.

Under Federal and State law, we are legally required to protect the privacy of your health information ("HI"), which includes all health information received or maintained by us, including medical records, billing records and insurance information. We are providing you with this notice of privacy practices to explain how, when, and why we use and disclose your HI. With some exceptions, we may not use or disclose any more of your HI than is necessary to accomplish the purpose of the use or disclosure. We are legally required to follow the privacy practices that are described in this notice.

We reserve the right to change the terms of this notice and our privacy policies at any time. Any changes will apply to the HI we already have. Whenever we make an important change to our policies, we will promptly change this notice and post a new notice in the main reception area. You can also request a copy of this notice at any time from the contact person listed in Section VI below.

III. **HOW WE MAY USE AND DISCLOSE YOUR HEALTH INFORMATION.** We use and disclose health information for many different reasons. For some of these uses and disclosures, we need your specific authorization. Below, we describe the different categories of uses and disclosures.

### A. **Uses and Disclosures Which Do Not Require Your Authorization.**

We may use and disclose your HI without your authorization for the following reasons:

1. **For treatment.** We may disclose your HI to hospitals, physicians, nurses, and other health care personnel in order to provide, coordinate or manage your health care or any related services, except where the HI is related to HIV/AIDS, genetic testing, or federally-funded drug or alcohol abuse treatment facilities, or where otherwise prohibited pursuant to State or Federal law. For example, if you're being treated for a knee injury, we may disclose your HI to an x-ray technician to coordinate your care.
2. **To obtain payment for treatment.** We may use and disclose your HI to bill and collect payment for the treatment and services provided to you. For example, we may provide portions of your HI to our billing staff and your health plan to get paid for the health care services we provided to you. We may also disclose patient information to another provider involved in your care for the other provider's payment activities.
3. **For health care operations.** We may disclose your HI, as necessary, to operate this organization. For example, we may use your HI to evaluate the quality of health care services that you received or to evaluate the performance of the health care professionals who provided health care services to you. We may also provide your HI to our accountants, attorneys, consultants, and others to make sure we're complying with the laws that affect us.
4. **When a disclosure is required by federal, state or local law, judicial or administrative proceedings, or law enforcement.** For example, we may disclose HI when a law requires that we report information to government agencies and law enforcement personnel about victims of abuse, neglect, or domestic violence; when dealing with gunshot or other wounds; for the purpose of identifying or locating a suspect, fugitive, material witness or missing person; or when subpoenaed or ordered in a judicial or administrative proceeding.
5. **For public health activities.** For example, we may disclose HI to report information about births, deaths, various diseases, adverse events and product defects to government officials in charge of collecting that information; to prevent, control, or report disease, injury or disability as permitted by law; to conduct public health surveillance, investigations and interventions as permitted or required by law; or to notify a person who has been exposed to a communicable disease or who may be at risk of contracting or spreading a disease as authorized by law.
6. **For health oversight activities.** For example, we may disclose HI to assist the government or other health oversight agency with activities including audits; civil, administrative, or criminal investigations, proceedings or actions; or other activities necessary for appropriate oversight as authorized by law.
7. **To coroners and funeral directors.** We may provide coroners, medical examiners, and funeral directors necessary HI relating to an individual's death.
8. **To avoid harm.** In order to avoid a serious threat to the health or safety of you, another person, or the public, we may provide HI to law enforcement personnel or persons able to prevent or lessen such harm.
9. **For specific government functions.** We may disclose HI of military personnel and veterans in certain situations. We may also disclose HI for national security and intelligence activities.
10. **For workers' compensation purposes.** We may provide HI in order to comply with workers' compensation laws.
11. **Appointment reminders and health-related benefits or services.** We may use HI to provide appointment reminders or give you information about treatment alternatives or other health care services or benefits we offer. Please let us know if you do not wish to have us contact you for these purposes, or if you would rather, we contact you at a different telephone number or address.

### B. **Disclosures to Family, Friends or Others.**

We may provide your HI to a family member, friend, or other person that you indicate is involved in your care or the payment for your health care, unless you object in whole or in part.

- C. **All Other Uses and Disclosures Require Your Prior Written Authorization.** Other than as stated herein, we will not disclose your HI without your written authorization. You can later revoke your authorization in writing except to the extent that we have taken action in reliance upon the authorization.
- D. **Incidental Uses and Disclosures.** Incidental uses and disclosures of information may occur. An incidental use or disclosure is a secondary use or disclosure that cannot reasonably be prevented, is limited in nature, and that occurs as a by-product of an otherwise permitted use or disclosure. However, such incidental uses or disclosure are permitted only to the extent that we have applied reasonable safeguards and do not disclose any more of your HI than is necessary to accomplish the permitted use or disclosure. For example, disclosures about a patient within the office that might be overheard by persons not involved in your care would be permitted.
- E. **Business Vendors.** We may engage certain persons to perform certain of our functions on our behalf and we may disclose certain health information to these persons. For example, we may share certain HI with our billing company or computer consultant to facilitate our health care operations or payment for services provided in connection with your care. We will require our business vendors to enter into an agreement to keep your HI confidential and to abide by certain terms and conditions.

#### IV. THE RIGHT TO SEE AND GET COPIES OF YOUR HI.

In most cases, you have the right to look at or get copies of your HI that we have, but you must make the request in writing. If we don't have your HI but we know who does, we will tell you how to get it. We will respond to you within 30 days after receiving your written request. In certain situations, we may deny your request. If we do, we will tell you, in writing, our reasons for the denial and explain your right to have the denial reviewed. If you request a copy of your information, we will charge reasonable fees for the costs of copying, mailing or other costs incurred by us in complying with your request, in accordance with applicable law. Instead of providing the HI you requested, we may provide you with a summary or explanation of the HI as long as you agree to that and to the cost in advance. We may charge for the labor costs to transfer the information; and charge for the costs of electronic media if you request that we provide you with such media. Please note, if you are the parent or legal guardian of a minor, certain portions of the minor's records may not be accessible to you. For example, records relating to care and treatment to which the minor is permitted to consent himself/herself (without your consent) may be restricted unless the minor patient provides an authorization for such disclosure.

#### V. HOW TO COMPLAIN ABOUT OUR PRIVACY PRACTICES.

If you think that we may have violated your privacy rights, or you disagree with a decision we made about access to your HI, you may file a complaint with the person listed in Section VI below. We will take no retaliatory action against you if you file a complaint about our privacy practices.

#### VI. PERSON TO CONTACT FOR INFORMATION ABOUT THIS NOTICE OR TO COMPLAIN ABOUT OUR PRIVACY PRACTICES.

If you have any questions about this notice or any complaints about our privacy practices, please contact the Privacy Officer at 201-430- 2022. Written correspondence to the Privacy Officer should be sent to Interventional Spine and Surgery Group, 8901 Kennedy Blvd., Suite 1W, North Bergen, New Jersey 07047.
